REQUEST FOR RECONSIDERATION

In the October 20, 2008, Advisory Action, the Examiner refused to enter Applicant's September 24, 2008, After-Final Amendment as the claim amendments made therein would allegedly require "further consideration and search in order to determine patentability."

As explained in the September 24, 2008, Amendment, the amendments to claims 1 and 24 merely incorporate the features previously recited in now-canceled dependent claims 6 and 28. Thus, entry of this Amendment does not require an additional search and consideration by the Examiner. Claims 6 and 28 have been previously searched, examined, and rejected.

Thus, Applicant respectfully requests entry of the September 24, 2008, Amendment.

Respectfully submitted,

By: /Samuel M. Korte/
